RE: Physician's and Surgeon's Certificate No. G 15640
Case No. 06-2007-184451

Public Letter of Reprimand

An investigation by the Medical Board of California revealed that you failed to maintain complete medical records for three of your patients. The records did not contain consent for procedures, document a complete examination of the patients and/or physical findings, or contain necessary photographs. These actions constitute a violation of California Business and Professions Code 2266, failure to maintain adequate or accurate medical records.

To resolve the above deficiencies, you shall successfully complete a medical record keeping course.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand.

Executive Director
